

Additions and corrections to Fred Eatherton: Bunk Johnson, A Discography

The following additions/corrections are from Björn Englund:

p 6-7 Commodore 655-660 have never been found, but 45-655 to 45-660 were intended for the 45 rpm singles album CRF-1007 (which also may not have appeared)

p 37 Br(UK) OE 9257 also issued as Decca (UK export) BME 9257.

p 39 For correct title for D5-VB-886-2 see label photo on page 40

p 41 7MW 107 is NOT an American Victor. but a German Electrola single (ALSO, correctly, listed!) Surely RCA LPM 2982 is not Swedish issue?

P 45 American Music 517-520 do not have an AM prefix. Labelled Bunk Johnson, not Bunk's 3-piece band (see label photo!)

p 50 Jimmy Archey should be listed before Albert Nicholas in the session of 15 October 1947

p 51-54. Here is the history of the Columbia LP: 1950: ML 4802, 1952 GL 520, 1953: ICL 520, 195: CL 829, 1964: CL 2103, JCL 829 unknown year

I don't believe Philips B 07009 L was pressed in Germany. The Netherlands seems more likely.

p 54 Note that Philips(UK) BBL 7231 incorrectly gives the composer of *Kinklets* for *The entertainer!*

p 59 Baby. won't ... Warfield (not Warfields)

p 60 I Can't Escape ... 451121 wrong; I'm Confessin' Neiburg (nor Neiberg)

p 61 Milneberg Joys Roppolo not Rappolo

p 62 The Sheik ... Snyder, not Snider

Young, Lee (1914-2008) drums (his year of birth has been listed as 1917 in early dictionaries, but recent research has confirmed the year 1914, see for instance Young's article in the book *Central Avenue Sounds* and the obituary in *New York Times*,
